React JS Developer

SUMMARY

Experienced React Developer with 1.5 years of hands-on experience in creating highly responsive user interface components. Skilled in translating designs into high-quality code using Javascript and ReactJS workflows. Proficient in frontend performance monitoring, troubleshooting, and debugging to enhance overall performance.

KEY SKILLS

HTML 5

CSS 3

Javascript

ES6

Reactjs

Typescript

Bootstrap

ReduxToolkit

React Hooks

Tailwind CSS

Babel

webpack

NPM

JSX

JSON

Virtual DOM

Github

Restful API

Agile

PROFESSIONAL EXPERIENCE

Application Engineer

Feb 2023 - Jun 2024

SPEROWARE TECHNOLOGIES

Bengaluru - Karnataka, India

Roles & Responsibilities

- Developed **dynamic** and **responsive** web applications using **JavaScript**, **HTML5**, **CSS**, and frameworks like **React.js** and **Redux Toolkit**
- Implement modern front-end design principles using **Tailwind CSS**, **Bootstrap**, and custom **CSS**.
- Utilize **JavaScript ES6** features to write efficient and maintainable code.
- Develop reusable and modular **React components** using **Hooks** for **state management**.
- Configure and optimize front-end development tools such as **Babel**, **Webpack**, and **Parcel** for code compilation and bundling.
- Utilize **NPM** for **package management** and dependency resolution in the project workflow.
- Write **JSX** syntax to define React components and **JSON Server** for mocking **RESTful APIs** during development.
- Collaborate with cross-functional teams using version control systems like **Git/GitHub** and **Atlassian Tools Bitbucket**, and **Jira** for project management and issue tracking.
- Participate in **Agile** software development methodologies, including **sprint planning**, **daily stand-ups**, and **retrospectives**.
- Ensure code quality and adherence to coding standards using **ESLint** and conduct **code reviews** to provide feedback and improve overall codebase quality.
- Leverage front-end development frameworks and libraries to create efficient single-page applications (**SPAs**) with **virtual DOM** optimization.
- Utilize **VsCode** Editor for efficient code development and **debugging**, ensuring high productivity and code quality.

Apprenticeship Training

FRONTEND REACT JS

Dec 2021 - Nov 2022

HRA SOLUTIONS

Bengaluru - Karnataka, India

- Become a front-end developer with expertise in REACT JS. Build strong web development fundamentals and problem-solving skills. Architect end-to-end web applications using emerging frameworks and create a portfolio of projects.
- I received 1-on-1 mentoring support on frontend React.js from real-time experts. Through this experience, I had the opportunity to work on real-world projects and gain valuable insights into real-time development practices

EDUCATION

B.Tech

Apr 2016 - Jun 2020

JNTUA

Puttaparthi

- Sanskriti School Of Engineering- CSE - CGPA : 67 %
